INFORMATION AND MANAGEMENT SUPPORT STAFF
WEEKLY REPORT FOR PERIOD ENDING 23 JULY 1986

1. Progress Report on Tasks Assigned by the DCI/DDCI:

No tasks assigned during this reporting period.

2. Items or Events of Major Interest that have Occurred During the Preceding Week:

A. DAS

(1) The ADBA/DCB/SD compiled a list of components and their associated Log Officers that currently use ASAPS. There are 40 users [redacted]

ASAPS

"II" is quite possibly OL's most successful ADP application.

(2) The OL Wang Systems Coordinator (WSC) and her assistants have had an unusually busy time in trying to completely restore all alliance features in the wake of two severe power outages. The WSC can provide guidance on the procedures to follow in preparation for and following voltage fluctuations that can damage data base content.

(3) DAS is in receipt of the FMD MIS requirements paper, produced by [redacted] and other FMD personnel. Its content is impressive in terms of thoroughness--and as a detailed explanation of FMD component functions and processes. DAS is preparing a response to this paper relative to its request for programming/implementation support. [redacted]

B. Regulations

(1) IMSS actions on regulations included the following:
